

THE PRESIDENT OF THE SPANISH CHAMBER OF COMMERCE IN MEXICO VISITS CENER

Sarriguren (Navarra), 19 January 2010.- Alejandro Hernández-Sampelayo, President of the Spanish Chamber of Commerce in Mexico has visited the facilities of the National Renewable Energy Centre (CENER) this morning. The aim of his visit was to have first-hand knowledge of the centre's activities and projects, given the expansion and development that renewable energies are going to undergo in the short run in this North American country.

Fernando Fernández and Ángel Chávarri, from the Mondragón Group accompanied the President of the Chamber on his visit to CENER. They were attended by Fernando Sánchez Sudón, Technical Director, Jerónimo Camacho, Strategic Development Director and by Julia Elizalde, Chief Communications and External Affairs Officer. After listening to a general presentation on the activities, they visited the research and test laboratories of the national centre located in Sarriguren.
